```

sleep                Sleep for the specified number of milliseconds
print                Prints the contents of an object to the output
printjson            Alias for print()
convertShardKeyToHashed Returns the hashed value for the input using the same hashing function as
a hashed index.
cls                  Clears the screen like console.clear()
isInteractive         Returns whether the shell will enter or has entered interactive mode
